

PUBLIC NOTICE

March 16, 2020

A statement from the Guilford Township Board of Supervisors, Water and Sewer Authority Managers,

Please know that the Guilford Township office will remain open during the COVID-19 pandemic, as directed by the Governor. It is our duty as local leaders to provide critical services to our residents. During this time, the Guilford Township offices will remain staffed, but we are asking the general public to limit face-to-face contact and over the counter transactions with employees. Payments for Norlo Park, Water or Sewer can be mailed, left in our drop box, or made by phone. Please phone or email the office if you have questions or need assistance with any Municipal related business. Items such as building permits, zoning permits, reservations, etc. may be handled over the phone or via email and do not require a visit to the office to complete. The compost facility will continue to operate during its normal operating schedule. The Norlo Park public access will remain open at this time, however all public restrooms will be closed until further notice. Portable comfort stations will be available for use during this time. All Community Center activities and rentals will be suspended until April 1st at which time we will further evaluate. Lastly, if you are not feeling well or have been in recent contact with someone who is not feeling well, please stay home and call your healthcare provider if necessary.
